India needs a rental revolution to drive Sustainable Infrastructure Growth

India is on the cusp of a major infrastructure revolution. Equipment rental is not just a business model — it's a sustainable solution for the future of infrastructure.

Jitender Aggarwal, CMD, AGGCON

Over the past decade, India's infrastructure equipment rental industry has witnessed consistent and robust growth. This evolution has been fueled significantly by the visionary leadership of Prime Minister Narendra Modi and his government's continued focus on infrastructure development. Projects like metro rail systems, expressways, bullet trains, smart cities, renewable energy ventures, oil refineries, and mining activities are creating an unprecedented demand for construction and infrastructure machinery — particularly advanced equipment integrated with modern technologies.

Today, the industry is at a crossroads where technology and sustainability must become defining pillars. The increasing reliance on digitalization, sensor-based controls, telematics, and predictive maintenance is not just enhancing operational efficiencies but also transforming how we manage equipment across project lifecycles. These innovations are reducing downtime, cutting operational costs, and improving safety, making them indispensable for modern infrastructure projects.

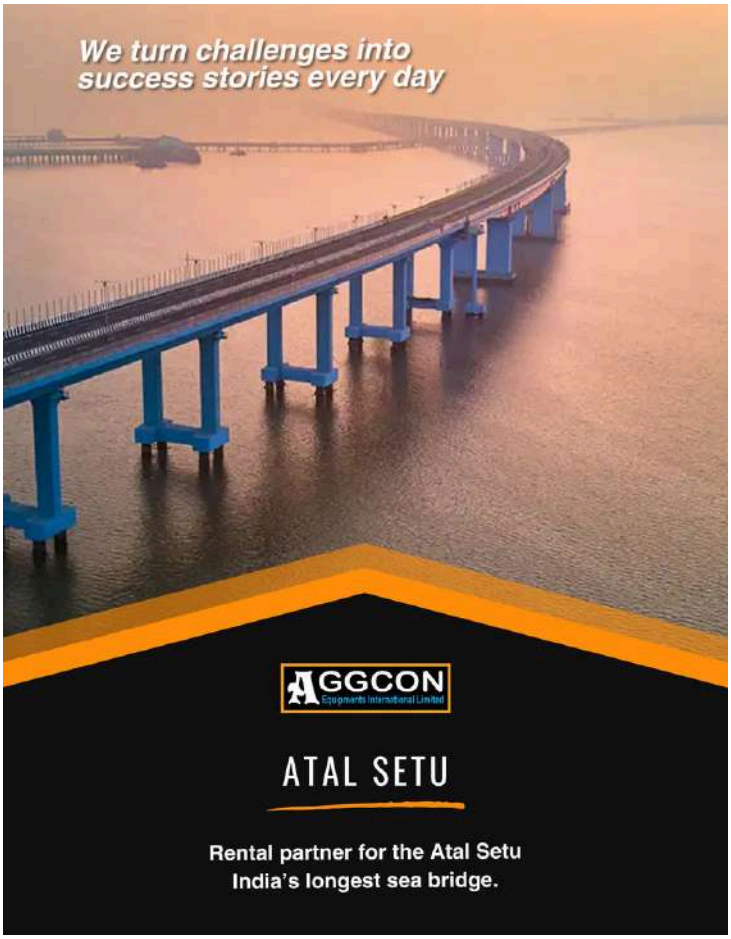

One of the key enablers in this transformation is the rental model. With the cost of state-of-the-art machines rising steadily, renting has become a preferred solution for construction companies, contractors and developers. Renting allows them to preserve capital for their core business, while also avoiding the long-term costs associated with owning, operating, and maintaining machinery. Moreover, rental services often come bundled with trained operators, reducing the burden on contractors to hire and train personnel.

Beyond the economic advantages, sustainability is emerging as a strong driver for the rental industry. As India strives toward its environmental and climate goals, the rental industry must align with global benchmarks such as those set by the Global Rental Alliance (GRA). It is time for our industry leaders to collaborate and formulate policies aimed at reducing carbon footprints across the value chain.

The European Rental Association (ERA) offers an excellent example of leadership in this space. Under the guidance of its former Secretary General, Michel Petitjean, ERA conducted a pioneering study to quantify the environmental benefits of the rental model. The findings were compelling — rental equipment usage can reduce carbon emissions by up to 30%, and in some cases, by over 50%. This is the kind of data-driven validation that India needs to embrace and promote.

In light of these facts, I firmly believe that the Indian government should consider incentivising construction companies and contractors to rent equipment instead of purchasing it outright. Such a move would not only support the growth of the rental industry but also contribute meaningfully to India's sustainability goals.

India is on the cusp of a major infrastructure revolution. As we build modern infrastructure and connect every corner of the nation, we must also build a smarter, greener, and more efficient way of working. Equipment rental is not just a business model — it's a sustainable solution for the future of infrastructure.

AGGCON CMD launches Sewa Pakhwada initiative by planting the Tree of Friendship at Hermann Gmeiner School

Mr. Jitender Aggarwal, Chairman and Managing Director of AGGCON, launched the **Sewa Pakhwada** initiative by planting a **Tree of Friendship** at Hermann Gmeiner School, Sector-29, Faridabad, to commemorate the 75th birthday of Hon'ble Prime Minister Shri Narendra Modi.

The initiative aimed to promote the importance of trees among students and instill a sense of environmental responsibility from an early age.

*Speaking on the occasion, Mr. Jitender Aggarwal said, "Prime Minister Narendra Modi's mantra **'LiFE – Lifestyle for Environment'** should be embraced by all. We must plant trees and raise awareness, as trees are vital to healing the Earth, protecting the environment, and mitigating the effects of climate change."*

Launched in 2023 under the leadership of Mr. Jitender Aggarwal, the Tree of Friendship mission continues to flourish, with over 2.5 lakh trees planted across the country, inspiring communities to take action for a greener and healthier India.

1200 Trees planted, Wildlife conservation, Swacchata Drive: AGGCON Concludes Sewa Pakhwada with Purpose

As Sewa Pakhwada concluded on **Gandhi Jayanti (2nd October 2025)**, our spirit of service continues to thrive. At **AGGCON**, our dedication to community and environmental stewardship goes beyond dates—it's a way of life.

In commemoration of the **75th birthday of Hon'ble Prime Minister Shri Narendra Modi, AGGCON** pledged to plant **75 Trees of Friendship daily** from **17th September to 2nd October 2025**, culminating in a total of **1200 trees** planted across the country.

The Sewa Pakhwada was kicked off by our **CMD, Mr. Jitender Aggarwal**, on 17th Sep 2025, at **Hermann Gmeiner School, Sector 29, Faridabad**, chosen to instill environmental values among the youth. Speaking on the occasion, Mr. Aggarwal emphasized:

"*Prime Minister Narendra Modi's mantra LiFE – Lifestyle for Environment should be embraced by all. We must plant trees and raise awareness, as trees are vital to healing the Earth, protecting the environment, and mitigating the effects of climate change.*"

This initiative is a continuation of our **Tree of Friendship Mission**, launched in 2023, which has already seen the plantation of over **2.5 lakh trees nationwide**—a symbol of our commitment to both the environment and unity.

*As part of **Sewa Pakhwada**, AGGCON also made a significant contribution to wildlife conservation by donating a **motorcycle to Kaziranga National Park, Assam**, on **World Rhino Day (22nd September)** to aid in patrolling and protect the endangered one-horned rhinoceros.*

In alignment with our **EWOT (Empowering Women of Tomorrow)** initiative, **Mrs. Renu Aggarwal**, Whole-Time Director, along with Team AGGCON, planted Trees of Friendship at a **Women's Police Station in Faridabad**, underlining our commitment to gender empowerment.

Throughout the fortnight, various plantation drives were led by our senior leadership including **Mr. Sachin Agarwal,** Whole-Time Director & CFO, and departmental teams across AGGCON locations.

We also conducted Swacchata Drives at multiple sites across India, reinforcing the message that "cleanliness is everyone's responsibility.

A crawler crane starts its day with safety inspections, checking tracks, cables, and hydraulic systems. Once ready, it moves into position on its wide tracks, lifting heavy loads like steel beams or concrete panels. The operator works closely with ground crew, ensuring proper load management and precise movements. Throughout the day, it may be repositioned and adjusted for different tasks. At day's end, the crane is shut down, secured, and maintained, ready for another day of lifting

AGGCON Donates Motorcycle to Kaziranga National Park on PM Modi's Birthday, Ahead of World Rhino Day

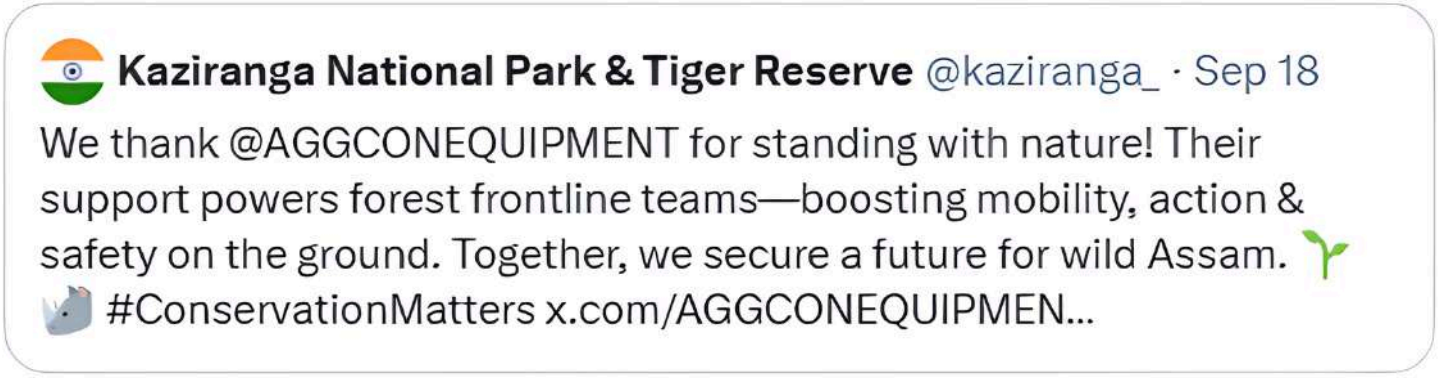

Marking the birthday of Hon'ble Prime Minister Shri Narendra Modi and in the lead-up to **World Rhino Day (22nd Sep)**, infrastructure equipment rental company **AGGCON** donated a motorcycle to the team at **Kaziranga National Park, Assam.**

The contribution aims to bolster patrolling and on-ground monitoring efforts in one of India's most iconic wildlife sanctuaries, home to the largest population of the endangered one-horned rhinoceros.

The vehicle was formally received by **Dr. Sonali Ghosh, IFS**, Additional Principal Chief Conservator of Forests and Director of **Kaziranga National Park** & Tiger Reserve, during a brief ceremony.

The initiative aligns with India's broader conservation goals and follows Prime Minister Modi's remarks earlier this year on World Wildlife Day (March 3), where he lauded the country's rising populations of tigers, leopards, and rhinos. "Over the last decade, the population of tigers, leopards, rhinos have risen too, indicating how deeply we cherish wildlife and are working to build sustainable habitats for animals," the Prime Minister said.

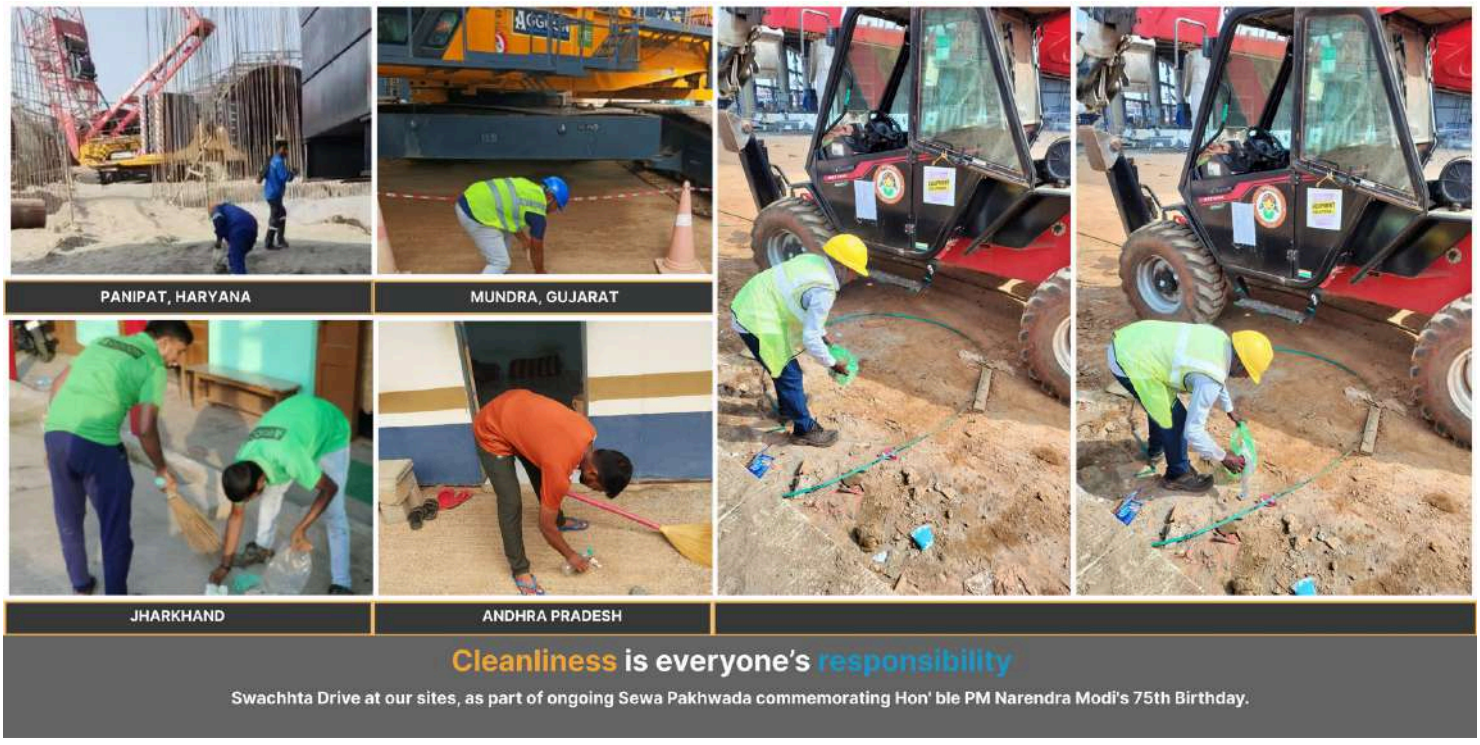

Mr. Jitender Aggarwal, Chairman and Managing Director of AGGCON, commended the leadership of Dr. Ghosh and the park's transformation. "It is truly inspiring to witness how the park has evolved from a critical state into a thriving sanctuary for the iconic one-horned rhinoceros. Your pioneering role as the first woman Director of Kaziranga is a landmark achievement, especially considering the unique challenges of wildlife conservation in the region," he said.

He further expressed gratitude to the Kaziranga team, stating: "I remain genuinely grateful for the unwavering dedication and tireless efforts of you and your entire team in safeguarding India's rich biodiversity."

Recognized as a **UNESCO World Heritage Site**, Kaziranga National Park is home to nearly two-thirds of the world's Indian rhinoceroses and continues to stand as a powerful symbol of India's enduring commitment to wildlife preservation.

Sewa Pakhwada: Swachhta Drive

As part of the Sewa Pakhwada commemorating Hon'ble Prime Minister Narendra Modi's 75th birthday, our teams actively engaged in a series of meaningful initiatives. Swachhta Drive was conducted by our teams across our various sites — spreading the vital message that cleanliness is everyone's responsibility.

Sinoboom CEO visits AGGCON

Original Equipment Manufacturers (OEMs) play an instrumental role in shaping the future and growth of the infrastructure equipment rental sector. We were privileged to host the Sinoboom team — Mr. Soh Desmond, CEO International, and Mr. Govinda Raj, Sales Manager — at our office.

They met with Mr. Jitender Aggarwal, Chairman & Managing Director of AGGCON. Both leaders engaged in a productive discussion focused on the evolving landscape of India's equipment rental industry, particularly in the Aerial Work Platform category.

Later, Mr. Jitender Aggarwal presented Mr. Desmond Soh with a memento to commemorate his visit to India, along with a "Tree of Friendship" — symbols of AGGCON's commitment to sustainability.

In return, Mr. Desmond Soh and Mr. Govinda Raj graciously presented Mr. Aggarwal with a miniature model of a SINOBOOM machine, marking the occasion with a gesture of mutual respect and collaboration.

Thanking Mr. Jitender Aggarwal, Mr. Desmond Soh said, "I feel so honored — indeed, this is the best gift I have received in all my global travels. AGGCON's journey, success, history, and future plans are highly impressive. Under your vision and outstanding leadership, I am confident that your esteemed company will one day become the United Rentals of the Asia-Pacific region."

He also extended an invitation to Mr. Aggarwal to visit SINOBOOM's facilities in Singapore and China.

Mr Jitender Aggarwal meets Mr. Milad Akhtiar, Territory Manager at Ritchie Bros

A remarkable meeting took place between two prominent leaders in the infrastructure ecosystem —Mr. Jitender Aggarwal, Chairman & Managing Director of AGGCON, and Mr. Milad Akhtiar, Territory Manager at Ritchie Bros. a globally recognized name in auctioning including infrastructure equipment.

Mr Jitender Aggarwal received warm welcome at Richie Bros' Dubai office. Both leaders engaged in a productive discussion on the global trends, emerging markets, and the growing demand for various infrastructure equipment. They explored opportunities within the infrastructure equipment rental business worldwide, focusing on aligning with evolving industry dynamics.

In a gesture of goodwill and fostering long-term collaboration, Mr. Aggarwal presented the Tree of Friendship to Mr. Akhtiar. This symbolic gift represents unity and shared growth between organizations. In a beautiful act of sustainability, Mr. Akhtiar planted the sapling at the Richie Bros office premises in Dubai, reinforcing the commitment to eco-friendly practices in the industry.

This meeting highlighted not only the importance of global partnerships but also the collective responsibility we share in driving the future of infrastructure with a focus on sustainability.

Tree of Friendship planted at Richie Bros. in Dubai

Mr Jitender Aggarwal, CMD, AGGCON met Mr. Milad Akhtiar, Territory Manager at Ritchie Bros., in Dubai and gifted him a "Tree of Friendship." Mr. Akhtiar immediately embraced the mission—planting not only that tree, but also three more. He sent the photos of trees and texted Mr. Aggarwal: “Thank you for the Friendship Tree gift. You have encouraged me to buy three more.”

In appreciation, Mr. Aggarwal said: "I am sure Mr. Akhtiar’s act will inspire many others to plant trees. He is a revolution."
Many people often ask why our Chairman & Managing Director, Mr. Jitender Aggarwal, launched the Tree of Friendship initiative— especially when it appears unrelated to the infrastructure equipment rental business.
The answer is simple yet powerful.

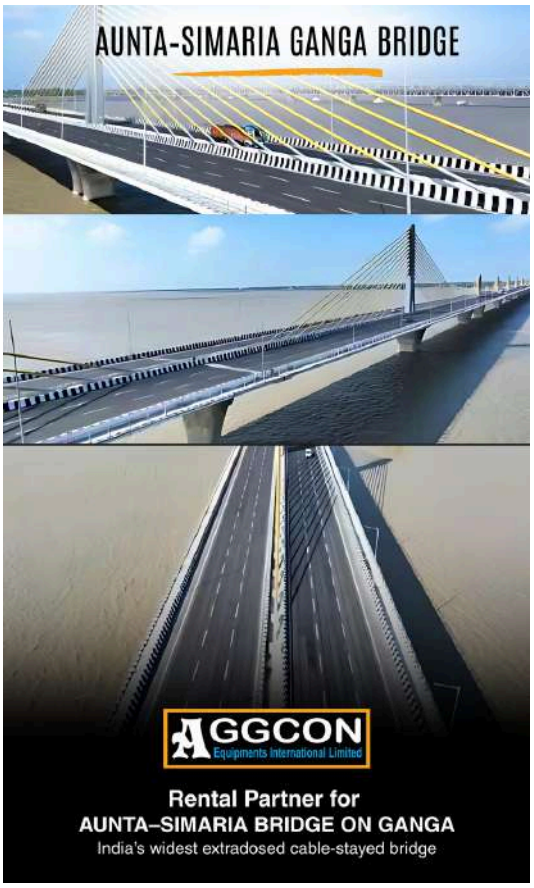

While renting equipment inherently reduces carbon emissions, Mr. Aggarwal believed we could—and should—do more. Trees are among the most effective tools we have to combat climate change. In fact, one mature tree can absorb approximately 22 kg of carbon dioxide (CO_2) from the atmosphere each year. That’s a meaningful contribution toward a cleaner, healthier planet—and yet, planting a tree remains one of the simplest acts we can do.

That’s how, and why, the Tree of Friendship mission began: a movement not just to plant trees, but to inspire individuals to take personal responsibility for a greener future.

Aunta–Simaria bridge unveiled by PM Narendra Modi

We keep writing new chapters. We are thrilled to share that AGGCON is proud to have been a rental partner in the recently inaugurated 1.865 km long, six-lane Aunta–Simaria bridge in Bihar — a monumental project unveiled by Hon'ble Prime Minister Shri Narendra Modi

This bridge is not only a testament to India's growing infrastructure prowess but also stands as India's widest extradosed cable-stayed bridge — a true engineering marvel. It marks a significant milestone in Bihar's infrastructure development and a proud moment for the entire nation.

Our role involved supplying specialized infrastructure equipment such as Motor Graders, Pavers, and more — supported by our highly skilled operators and expert project team who worked with steadfast commitment.

A heartfelt thank you to Welspun Enterprises Ltd for entrusting us with the opportunity to contribute to this landmark project.

Tandem Lifting of MATS TBM Front Shield with AGGCON's 400T Single Crane

AGGCON's 400 Ton Crawler Crane successfully executed its first Tunnel Boring Machine (TBM) lift at the Delhi Metro Project - AFCONS site. Thanks to DMRC and AFCONS for trusting us and giving us an opportunity to be rental partner in this prestigious metro project.

With unmatched precision and power, the crane lifted the 85-ton cutter wheel—bringing the total load to a massive 100 tons. This complex operation was flawlessly carried out, with the expert planning and on-ground execution by our experienced operator and team.

A key highlight of this operation was our XGC400-I crane, a single machine solution capable of lifting, tilting, and precisely positioning TBM sections. This advanced capability not only simplifies complex tasks but also offers a cost-effective, streamlined solution for our clients—enabling faster and safer project execution.

This achievement goes beyond technical success. It stands as a testament to AGGCON's capability, reliability, and unwavering commitment to nation-building.

L&T Construction & Mining Machinery supports independent participation of rental companies in EXCON

We had the privilege of hosting Mr. Vivek Hajela, Executive Vice President & Head - CEB, and Mr. D.V. Singh, JGM, of L&T Construction & Mining Machinery, at our Corporate Office.

They met Mr. Jitender Aggarwal, CMD, AGGCON Equipments, and shared a symbolic gesture of goodwill — presenting the Ram Mandir model, sweets, keys, and a bouquet.

Mr. Aggarwal deeply appreciated Larsen & Toubro's instrumental role in the construction of the iconic Ram Temple.

During the meeting, a wide-ranging discussion took place on, the current market scenario, with a focus on infrastructure and the equipment rental sector, the global geopolitical scenario and its potential impact on India's infrastructure space, a potential bulk equipment deal, including wheel loaders, rollers, excavators, and more.

They also discussed the upcoming EXCON exhibition, during which Mr. Aggarwal expressed concerns regarding ICEMA's stance on not permitting independent participation of rental companies. He emphasized the importance of recognizing rental firms as integral stakeholders in the construction equipment industry. Both Mr. Hajela and Mr. D.V. Singh supported the independent participation of rental companies, stating that there was no harm in allowing their involvement. Mr. Hajela further noted that over 50% of equipment sales are made to rental companies, highlighting their significant role in the market.

As a gesture of growing partnership and shared responsibility toward the environment, Mr. Aggarwal presented the 'Tree of Friendship' and encouraged the L&T team to plant it during this monsoon season — symbolizing a growing bond and commitment to a greener future.

Mr. Jatin Arora (AVP), Mr. Pankaj Bolia (Senior Manager), Mr. S Bala Amuthan (Service Manager), Mr. Vivek Abrol (Key Account Manager) and Mr. Archit Jain (General Manager – AWP) from JCB India, and Mr. Robin Passi (MD) and Mr. Vickey Chopra (General Manager) from Pasco, visited our Registered Office in New Delhi.

From AGGCON, Mr. Shaurya Aggarwal and other team members welcomed the guests.

The JCB India & PASCO team presented AGGCON with a miniature model of a JCB machine while Mr. Shaurya Aggarwal gifted them a Tree of Friendship, symbolizing our Chairman & Managing Director Mr. Jitender Aggarwal's commitment to sustainability and environmental stewardship.

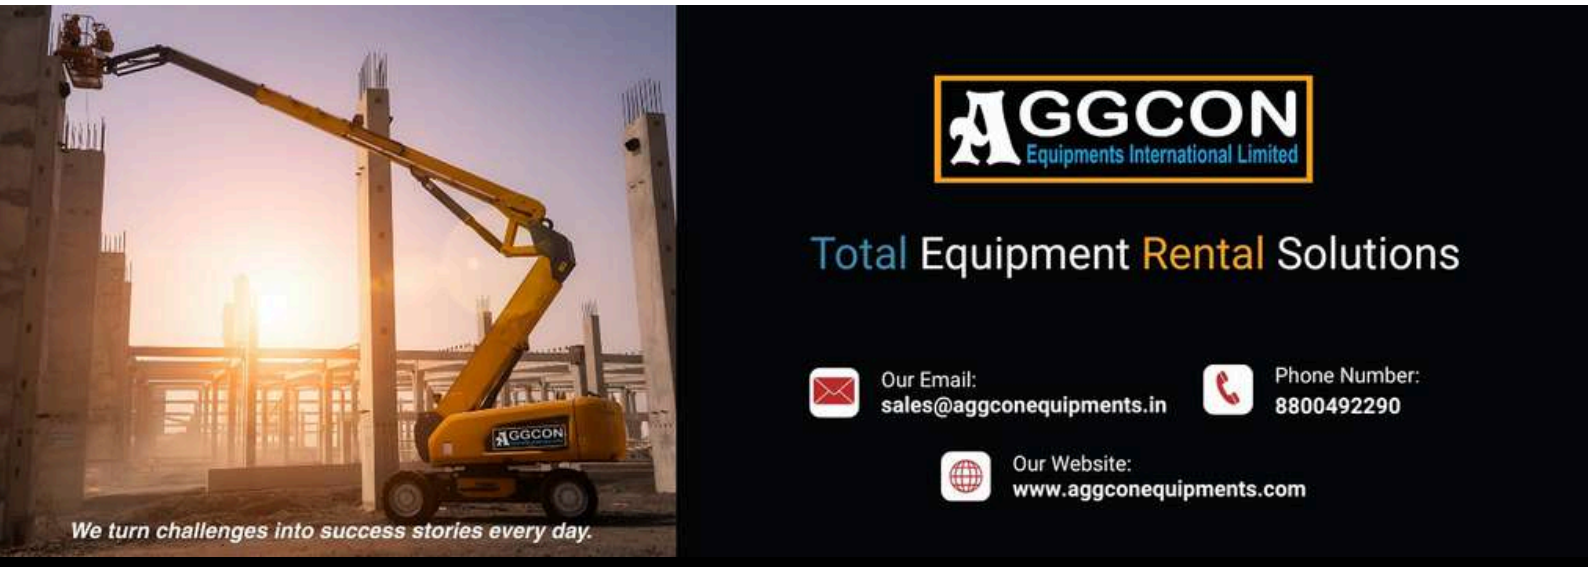

Team Schwing Stetter visits AGGCON

At AGGCON, we believe in nurturing meaningful and lasting relationships with our stakeholders. OEMs are not just collaborators—they are foundational pillars in the growth of the infrastructure equipment rental industry.

We had the privilege of hosting Team Schwing Stetter India at our Corporate Office. It was an honour to welcome Mr. Rahul Sharma – Director and Mr. Shubham Sharma – Sales Manager

They engaged in insightful discussions with our CMD, Mr. Jitender Aggarwal, on Indian rental market and opportunities. Mr. Jitender Aggarwal also shared his heartfelt initiative—the “Tree of Friendship”— and gifted saplings to them as a symbol of environmental stewardship and shared commitment to sustainable progress.

Team Sany visits AGGCON

Original Equipment Manufacturers (OEMs) are key stakeholders in the infrastructure equipment rental industry, and it was an honour to host the Sany India team at our Corporate Office for a strategic meeting with our Chairman & Managing Director, Mr. Jitender Aggarwal.

The delegation — Mr. Vinay Oza (General Manager – West) and Mr. Govind Singh (Regional Manager – North) —discussed and shared valuable insights during a forward-looking discussion on the future of India's rental industry

Topics included emerging opportunities, cutting-edge technologies, and the expansion into diverse categorie of machines. They also discussed about truck cranes/crawler cranes/AWPs in detail and new products.

To mark the occasion, Mr. Aggarwal presented the Tree of Friendship — a gesture symbolising his commitment to environmental healing and sustainability through tree plantation.

AGGCON Team Donates Blood to Save Lives

At AGGCON, the spirit of AGGCON Cares and volunteerism runs deep in everything we do. Our team members participated in a blood donation camp organized by Rajasthan Association Faridabad, Marwari Yuva Manch, Jai Sewa Foundation, and the District Red Cross Society of Faridabad. Donating blood is one of the simplest yet most powerful acts of service we can offer.

Mr. Jitender Aggarwal, CMD of AGGCON, expressed his heartfelt appreciation for the Rajasthan Association Faridabad, Marwari Yuva Manch Faridabad, Jai Sewa Foundation, and the District Indian Red Cross Society (IRCS) of Faridabad, stating: “We are proud to support the noble cause of blood donation — a powerful act of compassion that saves lives and uplifts humanity. Our sincere thanks go to everyone whose dedication and selfless service make this mission possible.”

“Let’s keep supporting, uplifting, and inspiring each other — through kindness, compassion, and selfless giving. That’s what humanity is all about”, he added.

Subject: Appreciation Letter

This project, we were provided with excellent service from your company, and we truly appreciate it.

I am writing to express my sincere gratitude and appreciation for the amazing service from July 2024 to May 2025 and the brand new crawler crane 150T capacity that you have provided us. The dedicated expertise of your operational team (operators & helpers) was exceptional. From the moment we engaged your crane at our HSR project, we have been consistently impressed by the high level of service that you provide. Your attention for timely delivery of spares and prompt response to our requests has made our relationship a great success.

Further, more your staff are always professional, courteous and attentive to our needs. They are knowledgeable about the machine and always happy to provide us with any assistance. We would also like to extend special thanks to **Sangeeta Singh** for providing round the clock support.

We promise that we will definitely recommend your name on priority for the future needs of our company and to the companies we know.

Regards

Gurjeet Singh

A Meeting of Minds: Building Bonds Beyond Business

Some individuals leave an indelible impression—and meeting Mr. Rajendra Deshmukh, Executive Vice President (Operations & Contracts) at AFCONS, was one such moment for Mr Jitender Aggarwal, CMD, AGGCON.

A man of deep knowledge, vast experience, and remarkable humility, Mr. Deshmukh exemplifies true leadership.

“What stood out the most was his belief in treating vendors as partners—an approach that fosters trust and collaboration across the infrastructure value chain”, said Mr Jitender Aggarwal.

He also said, “For over six decades, AFCONS Infrastructure Limited - A Shapoorji Pallonji Group Company has been at the forefront of building the nation, and leaders like Mr. Deshmukh continue to inspire that legacy”.

“I’ve always believed in the oneness of the infrastructure ecosystem—where every stakeholder works together for the greater good of the country. This meeting reaffirmed that belief”, he added.

Mr Jitender Aggarwal thanked him for his invaluable contribution to India's infrastructure development.
